AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

1 July 2002

Sir:

In response to the Office Action mailed 4 April 2002 in connection with the above-identified application, the following amendments and remarks are respectfully submitted.

IN THE CLAIMS:

Please enter new Claims 55-60 as follows.

55. (New) A memory apparatus having a playback circuit remotely connected with a digital signal source to store digital data received from said digital signal source and to reproduce the digital data stored therein independently for said digital source, comprising:

Handwritten initials and a large 'C' mark.
